

Riverside City College
 Institutional Effectiveness Leadership Council (IE)
 2017-2018 Report

1. The Office of Institutional Effectiveness distributed Leadership Council surveys in Spring 2017. Reports were created and distributed with specific information in Fall 2017. Processes particularly for the Program Review and Planning processes were evaluated and revised during the Fall Strategic Planning Retreat.
2. Implementing Year 2 of Program Review and Planning (PRaP) including assessing and evaluating the year 2 process and recommending changes
 - Reviewed feedback from the Strategic Planning survey administered in June 2017. Feedback included improving the communication processes and including additional faculty and staff in the planning processes.
 - Compiled a PRaP Evaluation and Assessment report based on feedback from the 3 Joint Leadership Council meetings. Of implementing process including a faculty prioritization request worksheet. Additionally, the Program Review Committee is recommending that a staff process is created.
 - Evaluated and assessed the planning process and recommended actions for 2018 (see the annual Program Review Committee report for details)
 - According to the Strategic Planning survey feedback, data is collected at the college, department, and department levels, increasing transparency and alignment.
 - As part of the California Guided Pathways framework, work with the Guided Pathways goals.
 - IE-LC is worked with individual disciplines as well as the college to prepare for the AB705 implementation including completion by 2018.
4. Began the process of GE SLO Assessment for the Critical Pathways program conducted during Fall 2018 FLEX using artifacts collected from the program
 - The Riverside Assessment Committee hosted the first Critical Pathways Assessment Symposium. While it was small, it had great information and integrated with the college's academic goals.
 - The Assessment Committee chairs presented at the Fall Symposium.
