- Strategic Plan Strategies Summary
    - o Shared at GEM-Q

        - Identification of reports and resources
        - Guided questions and analysis
    - o Define student on-boarding process (reach out to Monique to see if GP has already done this or is interested in this)
        - Process map the student on-boarding journey including the decision points
        - Identify the resources for the students at each of these decision points
    - o Tracking Engagement Center activity (can also spill over to other student services: CALworks, EOPS, etc)
        - What software to use?
        - What data we want?
            - Student id
            - Why they are there?
            - How long were they there?
        - What outcomes can we get from these data?
