- o We want everyone to participate please fill out the surveys. We are hoping for 100 percent participation from GEMQ
- o Some had issues opening initiatives email W McEwen for access to the hyperlinks.
- o It was decided not to discuss each initiative so that you feel you can vote as an individual not a committee
- o Frustrating that people are asking for funds to do their actual job and not new ways to serve students.
- o Cosmo is running out of supplies to support their classroom work as well as short staffed.
- c. Revised Midterm Report
  - o Jacquie Lesch presented the report at EPOC, suggestions and feedback from GEMQ was heard. This report has to consist of very few pages.

## 7. New Business

- a. Resource and Safety Request Work Group.
  - o Everyone should have received an Invitation from Wendy to a work group. If you are interested in helping define a process for resource and safety requests. Looking for people to help revamp the process.
  - o It has been discussed not to put budget requests in program review. We need a clear procedure.
  - o People know to use the buzz word "safety" then it will be prioritized. Equity is another word people know to use in this process to get what they want put through
- b. Process for Faculty Chair Replacement
  - o SAS does not have a faculty chair. Process being discussed, if two people from one division on the committee who steps down.
    1. You can have three people from one division and one person doesn't vote.
    2. Chair is nonvoting member until reelection occurs
    3. Least senior person stays on
- c. PRaP timeline Addition of a division and classified listening/ Q&A session
  - o Voted on the timeline but did not make it to EPOC in time. People don't know who their division reps are. People are just voting as individual.
  - o W. McKeen went over a new suggested timeline with more meetings. It was suggested this is more of a division meeting that is needed instead of a strategic planning function.
  - o Discussion on information sharing within departments vs. divisions and voting on everyone's behalf.
  - o Ongoing discussion this should be a division dean discussion
  - o W. McKeen will keep original calendar and take back to EPOC

- o The upcoming golden handshake will cause a mass exodus of faculty positions, current system no safety net. AB928 Cal State UC has to have a common pattern for general ed. This will affect communication studies and many other disciplines.
- o Need emergency protocols to get a one year temp. in place. W. McKeen will take concerns to EPOC. The President gets the final decision on positions.
