Riverside City College
Technology Resources Committee (TRC)
Minutes
October 13th, 2022
12:50pm-1:50pm
Zoom

Attendees: Gabriel Rivera, Leo Truttmann, Lorenzo Lopez, Stephen Ashby, Lisa Contreras, Jodi Mowrey, Cheyenne Martin-Corbett

Meeting commenced at 12:53 pm

I. **Approve agenda**

    a. Unanimously approved

II. **Co-chairs reports of activity**

    a. Leo:

2. They are also an average; some classes will cost more

iii. Chip shortage has continued to cause delays to the HyFlex classrooms, but there are two pilot classrooms in COIL 248 and Nursing 251/2/3

iv. Instructors were surveyed and other colleges will be visited

iii. No objections to moving forward with the tech plan

IV. Old business

    a. N/A

V. Committee Member Reports

    a. RDAS, ITSC, DAST

        i. RDAS:

            1. Discussed Joint Prioritization and Capitol Projects/Budget updates

                a. Large projects coming up such as repairing the football field for safety reasons may push other projects to the side

        ii. ITSC:

            1. Discussed the district committee restructuring; working on creating 2 sub committees: an informational technology strategy subcommittee, and a cyber security advisory subcommittee

                a. Achieving cyber security compliance will be a critical issue moving forward, so the college will be working hard to meet this goal for the students, for insurance purposes, and possibly for accreditation purposes

            2. Project Nexus is moving forward again after delay earlier this year; now expected to be live Jan '24 for the student go live piece, and Oct/Nov '23 for the HR and Finance piece

            3. RCCD network and infrastructure are focusing WAN redesign that is cloud-centric, so they want to move connections to the data at RC3, so we're trying to move our on-prem hardware to our data center

            4. Outdoor Wi-Fi infrastructure is almost done being upgraded; indoor Wi-Fi infrastructure will be upgraded next
